## Overview

The New York City Police Department (NYPD) is charged with protecting lives and property, responding to emergency calls, investigating reported crimes, making arrests and addressing conditions that affect the quality of life in the City. Subsequent to the April 1995 merger of the Transit and Housing Police Departments into the NYPD, the Department conducts all City policing efforts, including those in the subways and public housing projects. Additionally, the NYPD is responsible for enforcing traffic rules and regulations and, since December 1998, for providing security services in public schools.

*Difference refers to the variance between the Fiscal 2011 Adopted Budget and the Projected Fiscal 2012 Budget.
*Continuation from previous page
The Fiscal 2012 Executive Budget reflects a $\$ 75.2$-million net increase when compared to the Fiscal 2011 Adopted Budget for the NYPD. This can be attributed, chiefly, to a $\$ 99$-million increase in Federal funding. Though City funds have decreased by $\$ 22.5$ million since Adoption, non-City funding has seen a net increase of $\$ 97.6$ million over that period due to the increase in federal funding. This increase includes an award of $\$ 12.9$ million from the Transit Security Grant and an additional $\$ 42$ million from the Urban Areas Security Initiative (UASI), both housed within the Security/Counter-Terrorism Grants Program, as well as a $\$ 12$-million swap from City to federal funds for operating costs associated with the Department's United Nations Security detail.

## Fiscal 2012 Executive Budget Actions

$\square$ Executive Plan PEG Program. The Department has no Executive Budget PEG program for Fiscal 2012.
$\square$ Academy Class Delay. The Department will combine its previously scheduled April Academy class of 495 officers with the July 2011 class to create a total July class of approximately 1,499 officers, thereby moving the entire class into Fiscal 2012. Funding for the April class totaling $\$ 7.6$ million (including $\$ 1.9$ million in Fringe offsets) will constitute a Fiscal 2011 PEG item and, therefore, be removed from the Department's Fiscal 2011 budget.
$\square$ Civilian Reduction. The Department has proposed to eliminate 350 civilian positions through attrition beginning in Fiscal 2011 yielding a total savings of $\$ 29.8$ million in Fiscal 2012. The Fiscal 2011 Preliminary Budget proposed replacing 400 uniform positions in non-law enforcement functions with newly-hired civilians to free them for patrol and enforcement functions. This action would eliminate most of the supplemental civilian positions and lead to reductions in both patrol and enforcement strength.

V Elimination of Voluntary Vacation Pay. The Department has proposed to eliminate the one additional week of pay for which officers qualify when they voluntarily work through one week of annual leave. This would generate a savings of $\$ 4.2$ million in Fiscal 2012. According to the PBA, this provision constitutes part of the collective bargaining agreement between the City and the PBA and will therefore need to be negotiated. OMB and the Department disagree with this assertion and plan to move ahead with implementation of this initiative. It is possible that this proposal will become the subject of arbitration or litigation.

## Program to Eliminate the Gap (PEGs) - Revenue PEG

$\square$ Athletic Non-Charitable Event Fee. The Department plans to generate additional revenue by implementing a fee to recover traffic management expense associated with non-charitable athletic events such as the New York City Marathon and the Five-Borough Bike Tour. Originally projected to raise $\$ 611,000$ in Fiscal 2011 and $\$ 3.5$ million in Fiscal 2012 when it was first proposed in the November 2010 Financial Plan, implementation of this initiative has subsequently been delayed from January of 2011 to January of 2012. The revenue projections related to this item have, likewise, been delayed by a full fiscal year. As of the 2012 Executive Plan, therefore, projected revenues for Fiscal 2011 from this item have been reduced from $\$ 611,000$ to zero while Fiscal 2012 projections have been reduced from $\$ 3.5$ million to \$611,000.

## NYPD Headcount Summary

## Funded Peak Headcount*

In Fiscal 1989, before the Safe Streets/Safe City (SS/SC) program increased uniformed headcount, the budgeted peak NYPD uniform headcount was 32,037 , including officers funded in the premerger Transit and Housing police forces. SS/SC funded a peak of 38,310 to be reached in Fiscal 1994. Starting in Fiscal 1996 and continuing through Fiscal 2002, the budgeted peak increased to 40,710 via the receipt of federal Crime Bill funding. In the wake of the City's financial decline after $9 / 11$, Crime Bill waivers allowed the peak to be reduced to 37,038 , in part by adding a second annual Academy class as mentioned above. As a result of various reductions and restorations over the past three to four fiscal years, the Department's funded peak headcount is projected to be down to 35,367 in Fiscal 2012 as detailed in the chart on the following page which is provided by the NYPD.

| *The City generally reports Department headcounts using the expected totals on the last day of each fiscal year (June 30). While its | NYPD Full-Time Uniformed Headcount |  |

## Police Academy Classes

Academy Classes are designed to replace attrition and allow the NYPD to reach its funded peak headcount. The July 2010 class included a total of 1,251 new officers. In the 2011 Executive Budget, the Department indicated that it would hire a class of 495 officers in April of 2011 instead of January 2011 to accrue three-months of savings to help them meet a PEG target for that plan. Subsequently, in order to meet another reduction target for the current financial plan, the Department proposed to eliminate this class. At the behest of the Council, however, it was decided the April class would be combined with the upcoming July 2011 class. In addition, the Department plans a class of 660 next January (see chart below). The actual sizes of these or any other classes after next January, will depend on attrition.

## Compiled by New York City Council Finance Division

## Impact of Hiring Classes on NYPD Headcount - July 2010 to January 2012 (as per the Fiscal 2012 Executive Plan)

## Overtime Summary

The chart below, "NYPD Overtime Plan vs. Actual as of Fiscal 2012 Executive Plan," shows the difference between actual overtime spending and the original adopted overtime appropriations between Fiscal 2006 and Fiscal 2011 as well as the adopted overtime plan numbers between 2012 and 2015.

## Capital Program

## Capital Budget Summary

The May 2011 Capital Commitment Plan includes $\$ 363.5$ million in Fiscal 2012-2015 for the NYPD (including City and non-City funds). This represents less than 1.3 percent of the City's total $\$ 28.1$ billion Executive Plan for Fiscal 2012-2015. The Department's Executive Commitment Plan for Fiscal 2012-2015 is 16.5 percent more than the $\$ 312.2$ million scheduled in the September Commitment Plan, an net increase of $\$ 51.4$ million. It should be noted, however, that based on the Department's most recent Variance Report, this apparent increase includes a $\$ 102.6$ million roll from Fiscal 2011 to Fiscal 2012.

Over the past five years (2006-2010), the Department has only committed an average of 23 percent of its annual Capital Plan. Therefore, it is assumed that a portion of the agency's Fiscal 2011 Capital Plan will be rolled into Fiscal 2012, thus increasing the size of the Fiscal 2012-2015 Capital Plan. Since adoption last June, the Capital Commitment Plan for Fiscal 2011 has decreased from $\$ 322.7$ million to $\$ 153.2$ million, a reduction of $\$ 169.5$ million or 52.5 percent.
Currently the NYPD's appropriations total $\$ 590.5$ million in City-funds for Fiscal 2011. These appropriations are to be used to finance the remaining portion of the agency's $\$ 93.9$ million Cityfunded Fiscal 2011 Capital Commitment Program. The agency has $\$ 496.6$ million, or approximately four times more funding than it needs to meet its entire Capital Commitment Program for the current fiscal year.

## Capital Program Goals

$\checkmark$ Complete construction of new police academy and tow pound facility.
$\checkmark$ Maintain lifecycle replacements for all communications equipment.
$\checkmark$ Replace and upgrade computer equipment.
$\checkmark$ Maintain and replace operational and support vehicles.
$\checkmark$ Purchase of various types of equipment such as diesel marine engines, forensic imaging equipment and other equipment essential to preserving public safety.

## Executive Budget Highlights

The major focus of the Department's Capital Program remains the new Police Academy in College Point and the Tow Pound which has been sited near JFK. The project budgets are included in the chart below:

## Ten-Year Strategy

The Department's Ten-Year Capital Strategy includes a total of $\$ 668.5$ million in funding for:

- Communications Equipment $\$ 198.8$ million
- Police Facilities $\$ 218.2$ million
- Computer Equipment $\$ 146.6$ million
- Vehicles $\$ 77.7$ million
- Miscellaneous Equipment

Total
$\$ 27.2$ million
$\$ 668.5$ million
$\square$ Communications and Equipment. The Department will focus on maintaining lifecycle replacements for all communications equipment to insure that members of the Department can communicate with each other, as well as with other first responders, efficiently and effectively. Equipment in this category includes $\$ 95.5$ million for portable and mobile radios, $\$ 47$ million for radio system infrastructure equipment, $\$ 29.9$ million for mobile data computers, and $\$ 26.4$ million for other communications equipment.
$\square$ Police Facilities. The Ten-Year Capital Strategy includes $\$ 39.9$ million for the design and construction of a new Police Academy which is scheduled to be completed by January of 2014, and 178.3 million for the rehabilitation, maintenance, relocation and security of police facilities citywide.
$\square$ Computer Equipment. The Department will replace and upgrade computer equipment, including $\$ 34.9$ million to enhance the local and wide area networks, $\$ 24.6$ million for the Real Time Crime Center and data warehouse, $\$ 16.5$ million for the arrest processing
system, $\$ 12.8$ million for parking ticket devices and $\$ 57.8$ million for other computer equipment.
$\square$ Vehicles. The Department will maintain and replace operational and support vehicles, including $\$ 20.4$ million for tow trucks, $\$ 14.5$ million for helicopters, and $\$ 42.8$ million for other vehicles. Patrol cars, however, are not capital eligible.
$\boxtimes$ Equipment. The Ten-Year Capital Strategy also provides $\$ 27.2$ million for a diverse range of support equipment such as diesel marine engines, forensic imaging equipment and other equipment essential to preserving public safety.
