## **DEPARTMENT OF HEALTH AND MENTAL HYGIENE OVERVIEW**

This report provides an overview of the Fiscal 2014 Budget for the Department of Health and Mental Hygiene (DOHMH), a review of the significant actions included in the Executive Budget and a summary of the Department's Capital Budget for Fiscal 2014-2017. DOHMH's budget for Fiscal 2014 is \$1.33 billion, most of which supports other than personal services (OTPS) spending. The changes to DOHMH's Fiscal 2013 and Fiscal 2014 budgets proposed in the November and Preliminary Financial Plans are listed in Appendix 2. For additional information on the Department's Budget and its various programs, please refer to the "DOHMH Fiscal 2014 Preliminary Report" available at the Council's website.

# New in the Executive Budget

DOHMH's budget for Fiscal 2014 decreased by \$248 million to \$1.33 billion as compared to the Fiscal 2013 Adopted Budget of \$1.58 million. This reduction is primarily due to the State fiscal takeover of Early Intervention services in Fiscal 2014. Since adoption, for Fiscal 2014, there are \$31 million in Programs to Eliminate the Gap, \$19 million in new proposed spending and \$189 million in other adjustments. There are several new needs and other adjustments in the Executive Plan that are outlined below.

- World Trade Center (WTC) Zadroga Act. The Executive Budget includes a new need of \$9.1 million in City funding for Fiscal 2014 and in the outyears to cover the 10 percent of New York City's share of the Federal Zadroga Bill, which covers WTC healthcare related programs, infrastructure, and patient care.
- **Riker's Island Mental Health.** The Fiscal 2014 Executive Budget includes a new need of \$6.8 million in City funding for costs associated with new units for mental health patients in solitary confinement at Riker's Island.
- Assisted Outpatient Therapy (AOT) Expansion. The Fiscal 2014 Executive Budget includes a new need of \$1.4 million for the expansion of AOT services due to provisions included in the New York Safe Act.
- **First Episode Psychosis.** The Fiscal 2014 Executive Budget includes \$381,000 in new spending in Fiscal 2014 and Fiscal 2015 for a small pilot evidenced-based intervention program to intervene in the lives of patients having their first psychotic breakdown.
- **School Vision Program Restored.** The Fiscal 2014 Executive Budget restores \$3.4 million in funding for the school vision program.
- **Sequestration Impact.** The Fiscal 2014 Executive Budget includes a reduction of \$8.65 million due to federal sequestration. Sequestration is a series of automatic, across-the-board cuts to government agencies, totaling \$1.2 trillion over 10 years. The cuts are split 50-50 between defense and domestic discretionary spending. The budget cuts began on March 1, 2013.

### **BUDGET HIGHLIGHTS IN PUBLIC HEALTH**

The Department proposes to spend \$848 million on public health related services in Fiscal 2014, which represents 64 percent of the Department's overall budget and is \$63 million less than the budget at adoption for Fiscal 2013. This reduction is primarily a result of the Department's Program to Eliminate the Gap, which totals \$24 million in Fiscal 2014 and reductions in State funding. Major actions in the Executive Plan are outlined below.

#### **F**EDERAL SEQUESTRATION IMPACT

The Executive Budget for DOHMH includes a \$8.6 million reduction in federal funding for Fiscal 2014. This reduction is an adjustment in funding that DOHMH receives from the Center for Disease Control. This reduction may adversely affect program activities such as HIV/STD testing; treatment and case management of persons with active TB; reducing, eliminating or maintaining the elimination of cases of vaccine-preventable diseases; and maintaining a current all-hazards public health emergency preparedness and response plan. DOHMH is awaiting guidance on final reduction amounts and implementation of these reductions.

#### **New Spending**

The Executive Budget for DOHMH includes \$10 million in new spending for Fiscal 2014. Proposed spending includes \$906,000 to enhance enforcement of mobile food vendor regulations, and \$9.1 million to cover the 10 percent of New York City's share of the federal Zadroga Act.

#### PROGRAM TO ELIMINATE THE GAP

The Executive Budget for DOHMH includes \$24 million in PEGs for Fiscal 2014 for public health services. Potential impact of the reductions include:

- Elimination of one immunization clinical team;
- Elimination of supplemental funding for four school-based health centers; and
- Elimination of outreach and education at the East Harlem Asthma Center (EHACE).

## **BUDGET HIGHLIGHTS IN DIVISION OF MENTAL HYGIENE**

The Department proposes to spend \$483 million on mental hygiene related services in Fiscal 2014, which represents 36 percent of the Department's overall budget and is \$186 million less than the budget at adoption for Fiscal 2013. This reduction is a result of the State's fiscal takeover of Early Intervention services and other adjustments in federal funding.

#### MENTAL HYGIENE NEW SPENDING

The Executive Budget for DOHMH includes \$9 million in new spending for Fiscal 2014. Proposed spending aims to increase support for New Yorkers with mental illness who are involved with the City's criminal courts and to restructure mental health services for inmates at Riker's Island. These new needs include the following:

- \$6.8 million for the Riker's Island Mental Health;
- \$1.4 million for the expansion of Assisted Outpatient Therapy;
- \$381,000 for the First Episode Psychosis pilot program; and
- \$469,000 for Court-Based Intervention and Resource Teams.

#### EARLY INTERVENTION FISCAL TAKEOVER

The Fiscal 2014 Budget for DOHMH is reduced by \$223 million due to reforms for the Early Intervention (EI) program included in the Enacted 2013–2014 New York State Budget. The State will centralize fiscal administration of the EI program through a fiscal intermediary contract. DOHMH will be relieved of responsibility for contracting with EI providers, administering provider payments and seeking third party reimbursement. The City's role in authorizing EI services, and overseeing the quality of those services, remains unchanged.

#### MENTAL HYGIENE – PRISON SERVICES

The Fiscal 2014 Budget for DOHMH includes \$856,000 in a new program area that will focus on prison mental health services. This new program area is entirely funded with City funds and will manage the Mayor's new initiative, Court-Based Intervention and Resource Teams, for people with mental illness. This new program area will add eight positions consisting of seven social workers and one contract specialist that will work with judges to ensure that defendants who have mental illness and do not pose a significant public safety risk, get appropriate community-based supervision and treatment rather than jail time.

#### PROGRAM TO ELIMINATE THE GAP

The Executive Budget includes \$4.3 million for Fiscal 2014 in PEGs for the Division of Mental Hygiene. These reductions are outlined below:

- \$1.4 million in savings through the use of existing grants to finance positions and contracts; and
- \$2.8 million reduction in contracted services for substance abuse, work readiness programs, and intensive care coordination services.

# CAPITAL PROGRAM

The Executive 2013 Capital Commitment Plan includes \$449 million in Fiscal 2013-2017 for the Department of Health and Mental Hygiene (including City and Non-City funds). This represents less than one percent of the City's total \$44.5 billion Executive Plan for Fiscal 2013-2017. The agency's Executive Commitment Plan for Fiscal 2013-2017 is less than one percent less than the \$449 million scheduled in the Preliminary Commitment Plan, a decrease of \$456,000.

The majority of capital projects span multiple fiscal years, and it is, therefore, common practice for an agency to roll unspent capital funds into future fiscal years. In Fiscal Year 2012, DOHMH committed \$25 million or nine percent of its annual capital plan. Therefore, it is assumed that a portion of the agency's Fiscal 2013 Capital Plan will be rolled into Fiscal 2014, thus increasing the size of the Fiscal 2014-2017 Capital Plan. Since adoption last June, the City's total Capital Commitment Plan for Fiscal 2013 has decreased from \$17.9 billion in the September Capital Commitment Plan to \$16.6 billion in the Executive Capital Commitment Plan, a decrease of \$1.3 billion or 7.3 percent.

## MAJOR CAPITAL PROJECTS & EXECUTIVE BUDGET HIGHLIGHTS

- **Public Health Laboratory.** The Department has committed \$56.3 million for the initial design and renovation of the Public Health Laboratory.
- **Animal Shelter**. The Department has committed \$9.1 million for the construction and renovation of various animal shelters in the Bronx, Queens, Staten Island and Manhattan.
- **Electronic Vital Events Reporting System (EVERS).** The Department will spend \$5.4 million for the replacement of EVERS, which is used by over 2,000 facilities for birth and death reporting/disposition processing.
