^{*}The difference of Fiscal 2013 Adopted compared to Fiscal 2014 January Plan funding.

SBS' Fiscal 2014 Preliminary Budget reflects a \$105.1 million, or 22.6% decrease when compared to the Fiscal 2013 Adopted Budget of \$135.9 million.

There is a decrease of four positions in the Fiscal 2013 Preliminary Budget when compared to the Fiscal 2012 Adopted Budget as a result of vacancy eliminations and accruals, one vacancy and the hire of new staff at less than budgeted salaries for the New Business Acceleration Team, and two per diem layoffs.

Revenue and Expense Highlights

- **Vacancy Eliminations and Accruals.** The agency will eliminate three vacancies in the Neighborhood Development, Business Development, and Workforce Development areas. Additionally, SBS will realize savings from positions that have not been filled in the current fiscal year. The vacancy eliminations will generate savings of \$161,000 in Fiscal 2013 and \$335,000 in Fiscal 2014. The associated fringe benefit offset is \$38,000 in Fiscal 2013 and \$66,000 in Fiscal 2014. Therefore, the net savings from vacancy eliminations is \$123,000 in Fiscal 2013 and \$272,000 in Fiscal 2014. The vacancy accrual will save \$90,000 in Fiscal 2013.
- Salary Savings and Layoffs. SBS will generate salary savings from the elimination of perdiem and mixed funded vacancies in the Executive and Business Development Units. This will save approximately \$43,000 in Fiscal 2013 and \$45,000 in Fiscal 2014. The agency will also implement two layoffs in Fiscal 2013. These positions are per diem that are not included in the headcount. This saves \$35,000 in Fiscal 2013 and \$70,000 in Fiscal 2014.
- **Industrial Business Zones.** The agency will achieve pro rata (5.4%) OTPS savings in Fiscal 2013 with Industrial Business Zone contract funding. These will result in savings of \$62,000.

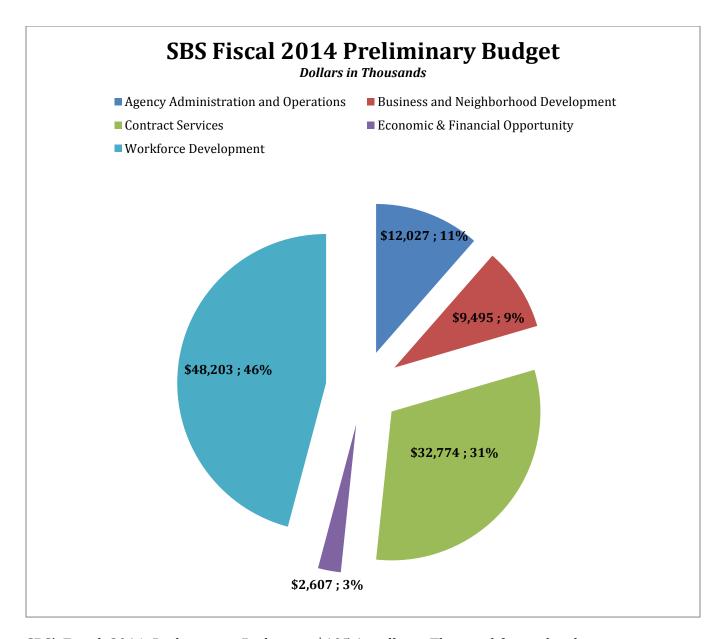

- **Clean Heat Industrial Savings.** SBS will have a reduction of 5.4% in technical support funds for a Clean Heat program to assist buildings in the conversion of heating oil to gas. This will save \$383,000 in Fiscal 2013.
- **New Business Acceleration Team.** The NYC New Business Acceleration Team (NBAT) is a mayoral initiative providing new eating and drinking establishments with a streamlined program to open as quickly as possible. NBAT works to help businesses open faster by reducing the time and effort needed in order to meet basic City requirements like plan reviews and inspections. NBAT assigns client managers to businesses to serve as a one-stop shop for navigating City regulations. SBS will achieve savings through the elimination of one vacancy and the hire of new staff at less than budgeted salaries for the New Business Acceleration Team, who will assist with the execution of the Hurricane Sandy fee waiver initiative. This will save \$110,000 in Fiscal 2013 and \$165,000 in Fiscal 2014.
- **NYC & Company Contract Reduction**. NYC & Company will reduce visitor services, international tourism representation, marketing promotions and personnel. This will save \$717,000 in Fiscal 2013 and \$1.036 million in Fiscal 2014. \$485,000 of Fiscal 2013 funding has been returned through a restoration.
- Trust for Governor's Island Contract Reduction. The Trust for Governor's Island will achieve savings through contract reductions of \$642,000 in Fiscal 2013 and \$830,000 in Fiscal 2014.
- **Red Hook and Midtown Community Courthouse Reduction.** The Red Hook and Midtown Community Courthouse program will lower its Fiscal 2013 tax levy budget through service reductions. The contract expires in the current fiscal year. This will save \$13,000 in Fiscal 2013 and \$19,000 in Fiscal 2014.
- **EDC Increase in Contractual Payments.** The economic development corporation (EDC) will increase its contractual payments to the City in Fiscal 2013 and out years. This generates \$3.4 million in Fiscal 2013 and \$5.0 in Fiscal 2014.
- **EDC Reimbursement to the City- Heat, Light and Power.** EDC will reimburse the City for utility payments made on EDC managed properties. This will result in savings of \$191,000 in Fiscal 2013 and \$283,000 in Fiscal 2014.
- **EDC Graffiti Removal Reduction.** EDC will lower this budget item but without reducing service. This will result in savings of \$31,000 in Fiscal 2013 and \$49,000 in Fiscal 2014.
- **EDC East River Ferry Reduction.** EDC will lower this budget with no service changes. The authority will cover the reduction with a Participation Payment received from the operator of the service, for meeting certain milestones. This will result in Fiscal 2013 and 2014 only and will total \$167,000 and \$196,000 respectively.
- **EDC/Parks Workforce Development Reduction.** EDC will lower surplus funding in the Parks Workforce Study budget. This will save \$54,000 for Fiscal 2013 only.
- **EDC High Tech Connect Reduction.** The authority will lower this budget item for Fiscal 2013 without impact on service. The savings will be \$15,000.

This is primarily due personal services reductions due to salary vacancy savings. Additionally, the decrease in the OTPS budget is due to savings from a Microsoft license.

SBS administers a variety of business development services, including the NYC Business Solutions Centers, Business Solutions Hiring & Training, Business Express, Microenterprise programs, and other direct business assistance services.

The decrease of \$318,000 for the Business Development program area from the Fiscal 2013 Adopted to Fiscal 2014 Preliminary budget is mainly due to vacancy eliminations, two layoffs of two per diem employees, and the additional personal services for the New Business Acceleration Team. The decrease in City funds are mainly Council funds which are expected to be restored. City Council funding for this program area includes Small Business and Job Development / Financial Literacy program to help small businesses and the Food Cooperative Expansion Initiative for organizations seeking to start food cooperatives.

The Economic Development Corporation (EDC) is a non-city agency, local development corporation that is under contract with SBS. EDC's mission is to produce jobs in the City by attracting and retaining businesses and encouraging the creation of capital projects. EDC is funded through a contract with SBS. EDC works with the private and public sectors on economic development initiatives that revitalize businesses, create jobs, and generate revenues for the City. In addition to corporate attraction and retention efforts, EDC markets, sells, and leases City-owned commercial and industrial properties; plans and prepares sites for development through infrastructure improvement; carries out capital improvements in neighborhood shopping districts and public spaces; and provides technical assistance to guide projects through the necessary public approval process. EDC is also involved in property management and the development of the City's marine terminals, airports, heliports, rail yards, and industrial parks.

The \$4.2 million decrease from the Fiscal 2013 Adopted Budget to the Fiscal 2014 Preliminary Budget is attributable to the proposed savings in contractual payment, utility fees, and project budgets (ex. graffiti removal, high tech connect). Additionally, non-baselined Council funds for the High Tech Connect initiative for entrepreneurs have not been restored in this budget.

The City's Minority and Women-Owned Business Enterprise (MWBE) fosters the growth of the City's minority and women-owned businesses. The program certifies and recertifies businesses as MWBEs and provides procurement and technical assistance to better prepare MWBEs to win City contracts.

The decrease of \$872,000 from the Fiscal 2013 Adopted Budget to the Fiscal 2014 Preliminary Budget mainly reflects the non-baselined City Council funding that is expected to be restored for the MWBE Capacity Building and Mentoring Programs and the MWBE Leadership Association initiative that provides guidance on government contracting. Reductions in personal services are due to vacancy eliminations.

The Mayor's Office of Industrial and Manufacturing Businesses (IMB) coordinates the City's industrial policy to retain and promote industrial manufacturing firms and oversees the New York State Empire Zones within the City. The IMB currently manages the City's 12 Empire Zones and 16 Industrial Business Zones.

The decrease of \$1.2 million in the Fiscal 2014 Preliminary Budget from the Fiscal 2013 Adopted Budget is the result of the Industrial Business Zone contract savings.

The Neighborhood Development program works to develop the City's business districts by encouraging the creation of Business Improvement Districts (BIDs) and other neighborhood organizations. The program also works to improve the physical conditions of neighborhoods.

The decrease of \$3.1 million from the Fiscal 2013 Adopted Budget to the Fiscal 2014 Preliminary Budget is attributed to vacancy eliminations in personal services, reallocation of federal funding to another program area, non-baselined City Council funding for the Food Distribution Study for Exports and the Brooklyn Tech Triangle Planning Study, and contract reductions.

SBS currently operates the City's 15 Workforce1 Career Centers. The Workforce1 Career Centers provide job placement assistance, career advisement, job search counseling and referrals to skills training. SBS offers a range of training programs for adult jobseekers and dislocated workers, including services obtained through individual training grants.

The Fiscal 2014 Preliminary Budget includes \$48.2 million for Workforce Development, which is an overall program decrease of \$9.5 million. The \$311,000 decrease in personal services is due to the elimination of an Operating Manager position for \$73,000 and the agency's budget reallocation based on reduced need from Fiscal 2013 to Fiscal 2014. The decrease in the OTPS budget is due to SBS is decreasing spending on one stop centers, causing savings of \$2.6 million, \$3.8 million of non-baselined funding for Fiscal 2014 from the Center for Economic Opportunity for Business Training and Employment Works, and non-baselined Council funding for initiatives such as the Food Retail Workforce Training and Placement Program, hackNY, New Skills/New Jobs, Hard Hats for Vets, Queens Tech Education, Expansion of New Amsterdam Market, Jobs to Build On, and Consortium for Worker Education.

Appendix B: Contract Budget

The New York City Charter mandates the preparation of a Contract Budget to identify expenditures for contractual services, which are defined as any technical, consultant or personal service provided to the City by means of a contract. The Contract Budget is a subset of the Other Than Personal Services (OTPS) portion of the City's Expense Budget. The Administration prepares a Contract Budget twice each fiscal year. In January, it is prepared with the Departmental Estimates, and in late April it is submitted to the Council with the Executive Budget.
