*The difference of Fiscal 2016 Adopted Budget compared to Fiscal 2017 Executive Budget.

The City's Fiscal 2017 Executive Budget totals \$82.2 billion, \$3.7 billion more than the Fiscal 2016 Adopted Budget of \$78.5 billion. City funds (City tax-levy and non-tax revenues) total \$59.4 billion more when compared to the Fiscal 2016 Adopted Budget amount of \$56.9 billion.

For DSNY, the Fiscal 2017 Executive Budget totals \$1.7 billion, which is approximately two percent of the City's total budget.

Below is a summary of key funding changes by program area and source when comparing DSNY's Fiscal 2017 Executive Budget to its Fiscal 2016 Adopted Budget.

- **City Tax-Levy Increase.** The DSNY's Fiscal 2017 City-funded portion of the budget shows an increase of \$87 million when compared to the Fiscal 2016 Adopted Budget of \$1.54 billion primarily due to computer software upgrades; heat, light, and power costs; snow removal overtime; collective bargaining; and organics processing fees. Totalling \$1.56 billion, the modified budget for Fiscal 2016 shows a decrease of \$4.8 million when compared to the Fiscal 2016 Adopted Budget of \$1.54 billion.
- **Non-City Funding.** For Fiscal 2017, DSNY's non-city revenue increased by a net of \$8.4 million when compared to the Fiscal 2016 Adopted Budget of \$23.6 million primarily due to job training for the homeless, and the current modified budget for Fiscal 2016 shows growth of approximately \$2.9 million.
- **Headcount Changes.** The agency's overall headcount increased by 92 positions from Fiscal 2016 to 2017, with an increase of 63 uniformed, and 29 civilian positions. The current modified budget for Fiscal 2016 increased by 18 positions, all civilian positions.

New in the Executive Budget

The following are major financial plan actions for Fiscal 2017 included in the Executive Plan.

Citywide Savings Program. Along with the Fiscal 2017 Executive Plan, the Office of Management and Budget (OMB) released a Citywide Savings Program that outlines plans to reduce City spending by \$589 million in Fiscal 2016 and \$465.5 million in Fiscal 2017. To develop the program, OMB asked all agencies to identify efficiencies, alternative funding sources and programmatic changes that would yield budgetary savings without reducing service levels. DSNY has proposed savings totaling \$10.8 million in Fiscal 2017. DSNY's savings plan includes:

- **Marine Transfer Stations (MTSs) Operational Delays.** Due to delays in the MTS construction timeline, the Department will achieve a \$6.8 million savings in Fiscal 2017 due to a headcount reduction.
- **Personal Services Surplus.** In Fiscal 2017 the Department anticipates a personal services surplus of \$2.9 million.
- **Operational and Administrative.** In Fiscal 2017 the Department will realize operational and administrative savings through implementing increased efficiencies.

New Needs. The Fiscal 2017 Executive Plan includes \$28.2 million in new needs. Below are the major actions.

- **Subsidized Jobs for the Homeless.** The Fiscal 2017 Executive Plan includes \$7.4 million in Fiscal 2017, growing to \$9.9 million in the Fiscal 2020, to hire 300 employees annually for the Department's job training program, which provides supplementary sanitation cleaning services citywide.

- **Automotive Parts.** The Department has numerous vehicles that require significant maintenance and repair. To meet this need, the Fiscal 2017 Executive Plan includes an additional \$3.8 million to purchase vehicle replacement parts in Fiscal 2017.
- **CleanNYC: Highway, Shoulder, & Ramp Cleaning.** The Fiscal 2017 Executive Plan includes \$817,905 in Fiscal 2017, growing to \$864,000 in Fiscal 2020, to sweep selected highway ramps citywide. The Department estimates approximately 100 miles of roadway will be cleaned per week.
- **CleanNYC: Sunday and Holiday Basket Service.** The Fiscal 2017 Executive Plan includes \$1.7 million in Fiscal 2017, growing to \$1.8 million in Fiscal 2020, to operate 20 additional basket trucks and one mechanical broom every Sunday and 12 holidays annually.
- **Electronics Collection Pilot.** The Fiscal 2017 Executive Plan includes \$1.2 million in Fiscal 2017 to conduct an electronic waste pilot for residential buildings on Staten Island.
- **Information Technology OTPS.** An additional \$2.9 million was included in the Fiscal 2017 and varying levels of funding in the outyears for costs associated with the maintenance, hardware, software, and warranties for critical operational systems.
- **Metal, Glass, and Plastic Recycling Processing.** An additional \$1.9 million in Fiscal 2017 was included in the Fiscal 2017 Executive Plan, growing to \$2 million in Fiscal 2020, to reflect increases in metal, glass and plastic (MGP) tonnage, and contractual price increases for MGP.
- **Snow Budget Adjustment.** Per the City Charter, the Department's snow budget must reflect the five-year spending average of snow operations. Therefore, the Fiscal 2017 budget includes an incremental increase of \$508,838 to adjust the budget to \$88.1 million.
- **Notice of Violation Administration System (NOVAS) Enhancements.** An additional \$1.4 million was included in the Fiscal 2017, \$2.4 million in Fiscal 2018, and \$166,500 in Fiscal 2019-2020 for NOVAS, a system of handheld devices used for enforcement purposes to issue summonses. Funding will be used to replace outdated devices and upgrade software.
- **Recycling & Sustainability OTPS.** The Fiscal 2017 Executive Plan includes \$2.2 million in Fiscal 2017 and \$1.6 million in the outyears as the Department plans to double the number of hazardous waste collection events it holds per year, from five to 10 events, as well as work in conjunction with the New York City Housing Authority (NYCHA) to promote recycling.
- **Solid Waste Management Professional Services.** The Fiscal 2017 Executive Plan includes \$1.4 million in Fiscal 2017 and \$1.1 million in Fiscal 2018 for legal and engineering services related to the permitting, environmental work, and long term contracts for solid waste management.

DSNY Budget Issues

Preliminary Budget Response

The Council's response to the Mayor's Fiscal 2017 Executive Budget included several recommendations for the Department of Sanitation. The recommendations called on the Administration to increase funding to replace rear loaders and dual bins and purchase additional large front end loaders.

- **Increased Funding to Replace DSNY Vehicles.** The Fiscal 2017 Executive Budget includes additional funding of \$64.2 million to purchase an estimated 250 rear loaders and 90 dual bin collection trucks. The additional funding will enable the Department to comply with the seven-year average useful life standard and to address operational needs.
- **Purchase Large Front End Loaders.** The Fiscal 2017 Executive Budget includes additional funding of \$5.2 million to purchase 21 large end front loaders. The additional funding will enable the DSNY to increase salt loading capacity at salt storage facilities and to also re-deploy front end loaders to the field for clearing snow on narrower streets.

Preliminary Budget Highlights

- **Organics Collection Program.** The Fiscal 2017 Preliminary Plan include \$7.5 million in Fiscal 2016 and \$3.5 million in Fiscal 2017 to expand the curbside and school organics collection program. The additional community districts set to receive service include Brooklyn 7, 8, 10,11 and 15; Bronx 10 and 11; Queens 1, 5, 7, 9 and 11; and Staten Island 1 and 3.
- **Commercial Waste Collection Study.** The Preliminary Plan include \$1 million in Fiscal 2017 to conduct a study of the commercial waste industry, including an evaluation of truck route efficiencies, employee safety practices and waste collection zones. The study is set to be published in the Spring of 2016.

DSNY Capital Program

Capital Commitment Plan

The Fiscal 2017 Executive Budget Capital Commitment Plan includes \$1.9 billion in Fiscal 2016-2020 for the Department of Sanitation (City and Non-City funds). This represents approximately 2.8 percent of the City's total \$67.1 billion Executive Plan for Fiscal 2016-2020. The agency's Executive Commitment Plan for Fiscal 2016-2020 is 17 percent greater than the \$1.7 billion scheduled in the Preliminary Commitment Plan, an increase of \$282 million.

The majority of capital projects span multiple fiscal years, and it is, therefore common practice for an agency to roll unspent capital funds into future fiscal years. In Fiscal 2015, the Department of Sanitation committed \$161 million or 40 percent of its annual capital plan. Therefore, it is assumed that a significant portion of the agency's Fiscal 2016 Capital Plan will be rolled into Fiscal 2017, increasing the size of the Fiscal 2017-2020 Capital Plan as reflected in the chart below.
